Hello Every Beautiful One,

This beautiful season calls us to introspection. We go into the deep places where we can experience comfort and care. Inside. Louise Hay has an affirmation that it is safe to look inside. How many of us really understand how true this is? We are truly being called at this time to discover and recover what is valuable to us. What are the great treasures we have given to others through who we are and how we live? What gifts have we given future generations through our mindfulness and creativity? Our creativity is one of our greatest blessings. How can we create a gift, a prayer, a poem for someone who was a treasure to us or brought magic or grace, peace or wisdom into our lives? We are the gifts. How do we treasure our gifts and value the gifts of others? Each day is a gift. Count every meal as a blessing and send loving thoughts to those who prepared it. Write a letter or poem of gratitude to the earth, to a teacher, to an ancestor, and send it air mail wherever they may be. Come alive, recognize that planting a tree is a powerful remembrance and so is a sculpture, a drawing, a letter, or a dance.

Thank you life.

And thank life for you.

Make a blessing, send a voice of gratitude to all that we don't understand reveling in the Mystery.

With Great Blessings from the Mystery, Char Sundust

In Memoriam

Many blessings and great gratitude to all who supported the transition of a beloved practitioner in our community. Death is a divine appointment with the mystery, we all have this appointment, we don't know when and we don't know how, but we do know we want to leave as many blessings as he did in this community and for the sweet earth. This is also a time of death and rebirth. Special deep gratitude to all those who have supported Dariusz Rawa in his journey to the Mystery. This community shines in your strength, kindness and connection to Spirit.

With great love, Char

Mentors — Sharing Wisdom

Through ceremony, leadership and work with individuals, we are called to be able to lead ourselves. To rely on the mystery in new ways. To bring our offerings to the earth, to bring illumination and clarity to our own paths a healers. A great honor, a great blessing, comes when we remember what is important and assist others in remembering what is important, so the Sacred in each person's life may be honored. What's the most fulfilling path and how can we, as teacher and mentor, strengthen their cause and assist them in becoming present to their true blessings and be an ally in expanding them? How to be a wisdom keeper of strength, love and integrity. This is a requirement for all TAs of the Sundust Oracle Institute. Anyone may attend.

Lover's Workshop

Relationships guide us through the wild territory of who we are. How do we receive those gifts?

What do relationships give us? We will learn tools to become more full-hearted in our relationships.

If we are not whole, how can we ask anyone else to be what we ourselves are not?

Experientially, we will explore the terrain of our own happiness and what a relationship needs through its many initiations and fires. To co-create a loving and truthful partnership, the fire of transmutation, the flow of flexibility, the spirit of shared and personal vision, and the profound innocence it takes to fall in love.

Space is limited. Pre-registration is required.

February 13th, 10am to 5pm, Cost: \$165 per person, \$300/couple. Bring: A journal, pen, and an open heart.

The Business of Spirituality

When your calling is to heal and help others, your gifts require you to trust deeply and to gift your clients with the best you have. Who takes care of you? Where does your money come from? How can you have a business and source spirit and consciousness? What is involved in having an incredibly successful spiritual practice? Where God lives, good lives, love lives and financial and emotional prosperity are received and sustained through time. How to maintain authenticity and prosperity at the same time. Space is limited. Pre-registration is required.

March 13th, 10am to 5pm, Cost: \$165 per person. Bring: A journal, pen, and an open heart.
